

The logo features a stylized parasol icon on the left, composed of a teal square and a blue triangle. To its right, the word "PARASOL" is written in a large, bold, blue sans-serif font with a white outline. Below this, the words "COMMERCIAL GRADE SHADECLOTH" are written in a smaller, teal, all-caps sans-serif font.

PARASOL

COMMERCIAL GRADE SHADECLOTH

The background of the entire image is a photograph of a person with long, light brown hair, wearing a white t-shirt and blue jeans, jumping with their arms raised in the air. Above them, a large parasol is partially visible, with its canopy in shades of teal and blue. The background is filled with bright, out-of-focus green foliage, suggesting a sunny outdoor setting.

*Freedom
to enjoy the outdoors*

Parasol is a commercial grade knitted shade cloth suitable for shade sails and tensions structures.

Features & Benefits

Protection

The primary purpose of installing a shade structure is to provide protection from the elements. Australia has some of the highest levels of ultra-violet radiation (UVR) in the world, which is the cause of sunburn and cancer. Parasol shade cloth provides up to 95% UVR block, allowing Australians to enjoy the outdoors safely.

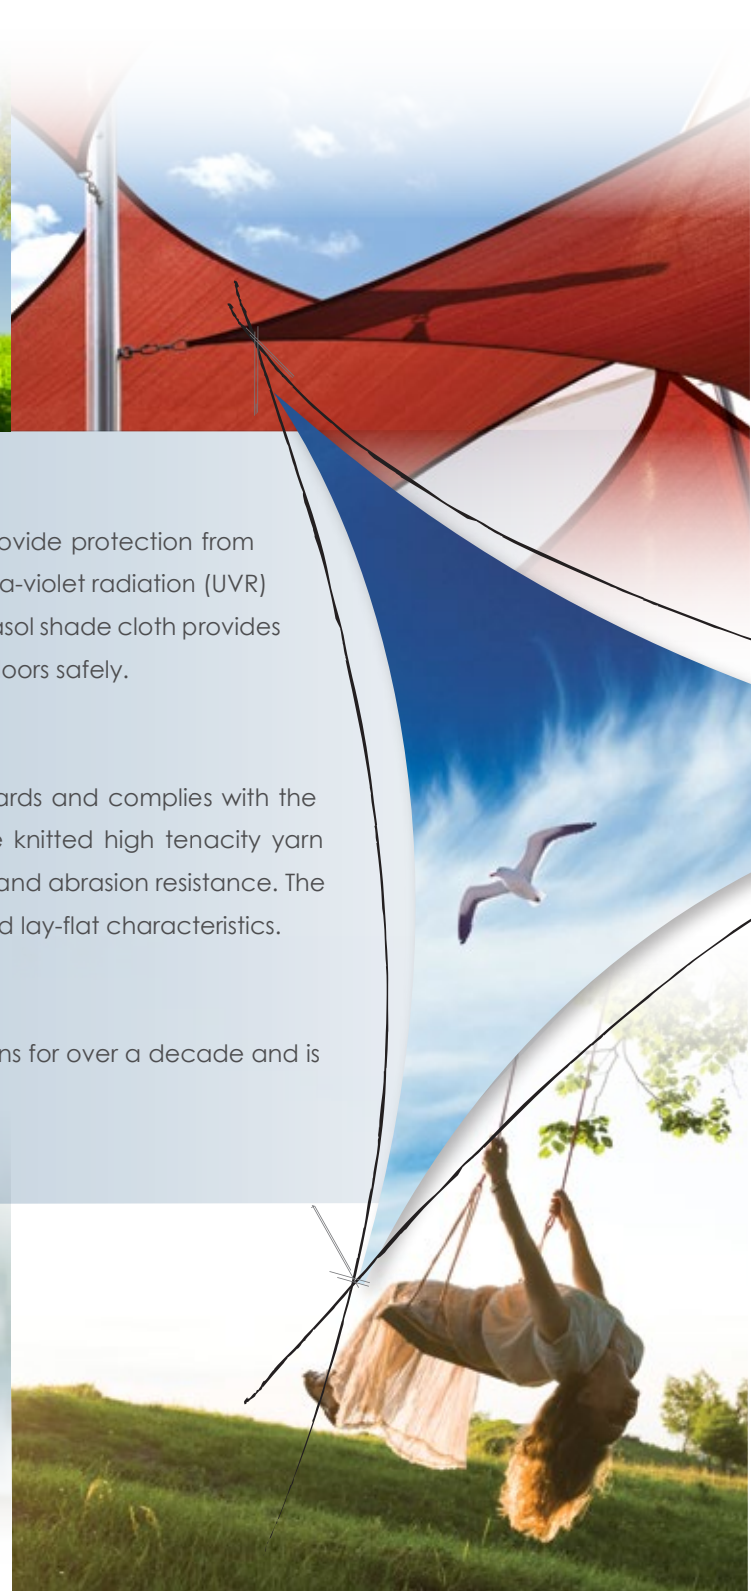

Performance

Parasol is manufactured to stringent quality control standards and complies with the Australian standard AS4174 for synthetic shade cloth. The knitted high tenacity yarn provides a durable finish which offers exceptional strength and abrasion resistance. The finished product is heat set offering dimensional stability and lay-flat characteristics.

Peace of Mind

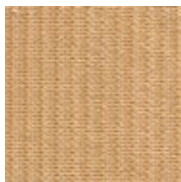

Parasol has been proven and trusted in Australian conditions for over a decade and is supported with a 10 year warranty.

The Australian lifestyle is synonymous with nature and outdoor living. This attraction comes with the need to provide adequate protection. Parasol provides a perfect solution, combining performance with functionality.
